

稻殼貓砂

強效除臭 永續環保

稻殼

1. 物理+生物改性，
增強臭味分子吸附。

2. 環境益生菌，
加速臭味分子分解。

3. 低蛋白，
阻斷雜菌滋生。

稻殼貓砂

貓砂環保材料新突破

BREAKTHROUGH IN CAT LITTER MATERIALS

Eco rice husk cat litter

Rice Husk

1. Change material form twice, Enhance odor molecule adsorption capacity.

2. Biocatalysis, accelerating the degradation efficiency of odor molecules.

3. Low protein content, blocking the breeding environment of bacteria.
